

Diversity leads to improved capability.

A collage of 12 images showing various SES volunteers and staff in different roles, including emergency response, community support, and administrative work. The images are arranged in a grid-like fashion with overlapping, semi-transparent geometric shapes. The top row shows a woman in a SES shirt holding a water bottle, a woman in a SES uniform using a radio, and a woman in a SES uniform interacting with a child. The middle row features two women in SES uniforms, a woman in a SES uniform working at a computer, a woman in a SES uniform holding a flag, and a woman in a SES uniform attending to a person lying down. The bottom row includes a woman in a SES uniform climbing a ladder, a woman in a SES uniform standing in front of a colorful mural, and a woman in a SES uniform standing in front of a tree. The images are separated by semi-transparent geometric shapes, creating a dynamic and layered visual effect.
